

# Stripping Tool MW

Abisolieren

**WEZAG**

## Stripping Tool MW

Stripping fine-stranded and solid conductors with PVC insulation from 0.13 mm² to 0.5 mm²

### That is particularly

Removes wire insulation cleanly and reliably. You are always perfectly prepared for the next processing step

Small and compact - particularly suitable for use in hard-to-reach places.

### These functions make stripping more convenient

Tool is quickly set to your desired stripping length.

Stripper is simple and intuitive to use.

### Further advantages offered by our Made in Germany standard

Manufactured from special steel, specially hardened and tempered parts - quality that lasts.

Tool is extremely robust, minimal wear.

## Technical Data

<b>Stripping range</b>	0.13   0.17   0.22   0.35   0.5 mm² Fine-stranded and solid conductors with PVC insulation
<b>Adjustable stripping length</b>	1,5 to 15,0 mm²
<b>Dimensions (length)</b>	approx. 125 mm
<b>Weight</b>	210 g
